Dear Madam, Sir,

For his last internship, we hired Guillaume KOCH, student at ICN Business School, in the Performance Analysis Direction from January 4th at July 1st 2016. His main missions were to identify needs for an business intelligence tool and creating a tool to report the practitioner activity.

This internship showed me the important adaptation Guillaume's capacity in a total new world for him. Generally, Guillaume was motivated, rigorous and serious. He understands quickly stakes and abides by deadline.

The people working in my team appreciated his human qualities and kindness too. He integrated rapidly our department.

I can sincerely recommend Guillaume and I am persuaded he will be a strength for the organisation he will integrate.

Do not hesitate to contact me for more information.

Sincerely,

Performance Analysis Director,

Barbara FLIELLER
